## Mr. and Mrs. James R. Binkley Are Expected Here Next Month

Mrs. Doris Binkley announced that her son, James Robert Binkley and his bride, the former Miss Tachio Shono of Hokkaido, Japan, are expected home in August or early September. "My son's a lucky guy," Mrs. Binkley exclaimed. "He had two weddings — the first a traditional Japanese ceremony on November 2, 1964 and on June 2, of this year the civil registration ceremony at the American Consulate necessary to obtain his bride's visa and passport."

The bride is the daughter of Mrs. Fuchina Shono and the late Mr. Tanno Shono of Hokkaido, Japan. The wedding took place in Chitose, Japan with the bride and groom wearing traditional Buddhist wedding costumes.

The charming petite bride was arrayed in five beautiful monas which weighed 50 lbs — more than half of her own 80 pound weight. The head dress, the husband explained in a letter to his mother, is "to hide the horns of jealousy."

"I'm very happy about my son's choice in a bride," Mrs. Binkley said. "The sentiments expressed by the daughter-in-law, who writes and speaks English fluently, were all a mother could ask for her son."

The young Mrs. Binkley will be staying in Belle Glade with her husband's mother for several months while he is being reassigned.

Serving with the Army Security Agency, Mr. Binkley has been in Japan for four and a half years. He entered service in 1955, and was stationed in Massachusetts all the years before going overseas.

**Hoke Cooper Family  
Travel Many Miles  
On Vacation Trip**

A wonderful 17 days of vacationing, which included sight-seeing and visiting relatives, was enjoyed by Mr. and Mrs. R. H. Cooper and children, Ronnie, Craig and Kim.

The family took off July 4 for the World's Fair in New York City, where they spent three days, toured in Washington, D. C. over two days, visiting the many sites of interest, it seemed the boys were much impressed with the Smithsonian Institute, spending several hours there.

They enjoyed the beautiful scenery in Virginia, stopping at Richmond to visit Mrs. Cooper's aunt and uncle. An added attraction in Virginia was the Sky Land Caverns.

Traveling in Tennessee, they visited the home of the famous "Uncle Remus" author, Joel Chandler Harris, where they were guests of an old army buddy of Mr. Cooper's, At Hendersonville, they visited with Mrs. Cooper's aunt, Mrs. W. J. Rawls, Jr., and other relatives in that area and in Mt. Pleasant, visiting relatives Mrs. Cooper had not seen in 18 years.

They traveled on to Hattiesburg, Miss., and were guests of her brother, William A. Rawls, who recently graduated from University of South Mississippi majoring in horticulture, and now is employed by the Mississippi State Road Dept. in a beautification program.

Mr. Fortenberry will be starting a new DCT program at Jupiter High School in Jupiter, Florida. Mrs. Fortenberry will be secretary at Jupiter Elementary School.

Mr. Fortenberry is attending the University of Mississippi this summer where he is working on his master's degree. He will receive his Masters of Education Degree with a major in Guidance and Counseling on August 19, 1965.

## Fine Arts Program Winners Announced

Hidden talent was discovered during the six weeks Fine Arts Program held at the Elementary School with Mr. Junior Collins as art teacher.

Forty-eight students from the 3rd through the sixth grades were enrolled in the program, sponsored by the Palm Beach County Board of Instruction.

The art work was judged last Thursday and on display. Mr. Collins remarked the children had worked hard and put forth a lot of effort. "Some are more interested than others," he said. "Many of the children are Cubans and other Spanish descent and showed a lively interest in colors."

Prizes were given to the winners consisting of Tempera sets 1st prize; Drawing tablets, 2nd and coloring pencils, 3rd. The art work consisted of water color, colored chalk, Tempera, oil drawings, crayon resists, pottery and sculpture with clay.

Winners were Terry Del Campo, 4th grade; drawing 1st prize; Tony Martinez, crayon, 3rd prize; Joni Ouellette, 1st prize, water color; Rita Del Campo, 4th grade; crayon; Carolyn Pelka, 2nd prize; crayon; David Kirchman, 2nd prize; Mollie Del Campo, 4th grade; crayon; Steven Berrill, 3rd prize; pencil sketch.

Lucy Garcia, 1st prize sculpture; Jerry Kirchman, 4th grade; sculpture; Tom Zumpha, water color and sculpture, 3rd and 4th prizes; Alice Lamb, 1st prize, water color; Thelma, 4th grade; Carmen Rivas, Maria Rivas and Jose Rivas won 2nd prize on a mural, using crayons.

Ann Thompson, in high school has an oil painting, pen and ink drawing, water color and drawing. Mr. Collins has supervised this program for the second year and is a most capable instructor with the children. He teaches art in the Pahokee High School.

On Friday a party was held for those attending. Lightning is a danger during day or night, although not near at hand in the city, while in the country, a person may be caught at some distance from a comparatively safe place of refuge.

At least one out of four persons killed by lightning has been struck while standing under a tree or near a tree. Because of the height, trees attract lightning, especially solitary trees. After striking a tree, a bolt of lightning may flash sideways or it may run along the ground and kill the person in its path.

## Newlyweds Will Reside In Clewiston

Mr. and Mrs. J. Leroy Brown

In a 7:30 P. M. ceremony at the First Baptist Church of Clewiston, Friday evening, Miss Wilma Jean Waldron became the bride of Jack Leroy Brown of Clewiston. The double ceremony was performed by Rev. David E. Holt.

The bride is the daughter of Mrs. E. B. Waldron of West Palm Beach. She attended Belle Glade High School, Melbourne High School, and graduated from Forest Hill High School, West Palm Beach, and Palm Beach Junior College.

Mr. Brown, son of Mr. and Mrs. Gideon H. Brown of Clewiston and the grandson of Mrs. C. J. Brown of South Bay was graduated from Clewiston High School and is presently employed by the United States Sugar Corporation.

Faye Harris, organist, played traditional wedding music and Mrs. Guthrie Caldwell, soloist sang "I Love You Truly," "Love Thee" and "Wedding Prayer."

The bride given in marriage by Dewey Carl Waldron, wore a floor length gown of silk peau de sole with a cathedral train. Her ballerina length veil of illusion was attached to a round headpiece. She carried a bouquet of carnations on a prayer book.

Miss Carol Waldron sister of the bride was maid of honor in a floor length gown of blue silk peau de sole with side panels of white lace. She wore a matching oval crown and blue net veil and carried a cascade bouquet of carnations.

Bridesmaids Miss Sharon Wilder of South Bay and Miss Dot Scarborough of Sebring wore gowns identical to the honor attendant. The bridesmaids wore blue dresses with blue hats, blue crowns and veil. Jimmy Chamberlain of Belle Glade was ring bearer.

Gideon Brown father of the bridegroom was best man. Ushers were John Branaman and Phillip Francis both of Clewiston.

For her daughter's wedding, Mrs. Waldron chose a two piece blue dress with blue hat, blue shoes and orchid corsage. Mrs. Brown, mother of the bridegroom was attired in a pink silk dress fashioned with tiers, pink hat and a pink orchid corsage.

The reception was held in the reception hall of the church. Assistants were Paul Harris, Mrs. Edith Smith, Mrs. Bertha Mae Kautz, Mrs. Louis Mulder, Mrs. Margarette Maxwell, Mrs. Paul Harris, Mrs. Marjorie Rawles.

The bride's table covered with a white lace cloth over blue held a white three tiered wedding cake and was centered with a silver candelabra with blue tapers and an aspergite arrangement of blue flowers, carnations and fern. Punch, cake, mints and nuts were served.

Out of town guests were from Ocala, Sebring and Ft. Lauderdale. After a honeymoon trip to Miami Beach, the couple will reside in Clewiston.

**Brenda Unwin feted  
At Calling Shower**

The home of Mrs. Billy N. Sheffield in Pahokee was the scene of a shower complimenting Miss Brenda Unwin.

A pink and white color theme was used throughout the house. The refreshment table was laid with a white cutwork cloth and featured a pink and white floral arrangement.

Hostesses with Mrs. Sheffield were Mrs. Elmer Jones, Mrs. Lester Hand, Mrs. Robert Walker, Mrs. Ray Hawk, Jr., Mrs. Ron Haar, Mrs. F. G. Gills, Mrs. Joe Thompson, Mrs. M. H. Baxter, Mrs. James H. Wilson, Mrs. H. H. Parker and Mrs. R. E. Hurt.

Among the many lovely and useful gifts presented the honoree was an electric mixer from the hostesses.

## Young Florida Designers Win Regional Honors

The two Florida boys shown on the right designed and built these smartly styled miniature automobiles for the 1965 Fisher Body Craftsman's Guild competition. Each entry won the first state award of \$150 cash, then went on to be declared the regional winner, which entitles the boys to an expense paid trip to the Guild convention in Detroit from July 25-July 28. The upper pictures show the senior division winning entry and the young man who built it, Kenneth A. Kelly of St. Petersburg. The lower car, entered by Larry Fogarty of Sarasota won honors in the junior division. Both model cars are in the national finals and in competition for one of eighteen scholarships valued at \$38,000.

## Ch. World Service Appeals For Clothing

An urgent appeal is being made to Protestant church members throughout the country to give parcels containing cotton yard goods, sewing needles and thread for the use of Vietnamese refugee women in making seriously needed clothing for themselves and their families. It was announced here today by Church World Service.

"Differences in custom and attire of the Vietnamese determined in this instance our appeal for fabrics rather than used clothing," said Wilson

## Rev. M. W. Sindle

### Is Back From N. Y.

Pastor M. W. Sindle of the Belle Glade Church of God and his family have returned to Belle Glade after a two weeks vacation during which he attended the Church of God Camp Ground in Somerset, Pa., and then on to the New York State Camp Ground in Glens Falls, New York.

Rev. Sindle was Superintendent of the State of New York for the Church of God from 1952 until 1957. He spoke on the afternoon of July 13th at the Camp Meeting. Returning to Belle Glade the family spent 2 days in Joppa, Maryland where Pastor Sindle ministered for 9 years from 1948 to 1952, needless to say they enjoyed renewing friendships of those that they had not seen for many years. However they were real glad to be home in Belle Glade once again and to feel the warm welcome of the congregation on their safe return.

## GLADES CHURCH NEWS....

JULY 23, 1965

THE HERALD, Belle Glade, Florida 3A

## Lutheran Youth Social Held Sunday Night

The Walthers League of Zone VIII held a social at the Gaiety Skating Rink in West Palm Beach, Sunday night, July 25th. The Zone is composed of all young people from churches in Belle Glade, West Palm Beach, Ft. Pierce, Stuart, Lake Worth and Vero Beach.

Attending from Belle Glade were Millie and Wilma Kirchman, Bill Fuller, Pastor and Mrs. Richard Roseman. The next Zone activity will be an officers Workshop at North Palm Beach August 7-8. This workshop will be conducted primarily for all newly elected officers of the various Walthers League societies.

## Methodist To Hear Dr. Davie On Sunday

The guest minister at the 11 a.m. Worship Service at Community Methodist Church on August 1, will be Dr. Sidney H. Davies. Dr. Davies teaches classes in Bible and Philosophy at Palm Beach Junior College in Lake Worth.

## Antoinette Circle Presents Program

### At Regular Meeting Of W. S. C. S.

The Antoinette Bratley Circle presented the program at the General Meeting of the Woman's Society of Christian Service of Community Methodist Church on Tuesday morning. Using the theme of Love and Service, Mrs. C. A. Thompson, Jr., gave the devotional thought. A feature of the program was the showing of slides of the work and program of Wolf and Rosa Valdez Settlement Houses in Tampa. These Settlement Houses are sponsored by the Woman's Society, and provide a program of care, recreation, and education to young and old who have no other means of obtaining such services.

During the business meeting, conducted by the President, Mrs. Robert Bussey, it was announced that this year the circle programs would be found in the Methodist Woman magazine. Mrs. F. W. F. who is in charge of spices, announced that salt and pepper sets for gift giving should soon be available with permanently glazed initials on them instead of the paper strips now being used.

The attendance pin was won by the Antoinette Bratley Circle and presented to Mrs. Lee Cranford, Chairman, who will be entitled to wear it until the next General Meeting.

"OVERCOMING FEARS FOR OUR CHILDREN"

Puffy has a problem. She's much better at climbing trees than she is at getting down again. Usually someone has to get a ladder and bring poor Puffy back to earth.

People share Puffy's problem. Their fears are forever driving them to do what they can't undo. They run away from reality only to wish they hadn't. We have even coined the idiom "up a tree" to denote the dilemma of a situation from which we cannot free ourselves.

With people, it takes more than a ladder to solve the problem. Through the centuries men have found Faith an answer to fear. Our churches cultivate courageous Christians. For with confidence in God comes confidence in ourselves.

The man who knows he's never alone doesn't run away.

# 30 Glades Athletes Will Harvest Michigan Cukes

Thirty of Coach Willis Ervin's Lake Shore Wildcats left Belle Glade last week for Holland, Michigan, where they will harvest cukes for several weeks.

Coach Alonso Verin will accompany the group as advisor. The local athletes are going as a unit of the "A Team" which has not proven too successful as a national project.

Coach Ervin says: "By having one of our coaches go with the boys, we are sure they will prove satisfactory and fulfill their obligations. They are all members of the squad, and are very respectful of their coaches."

The boys will travel in a bus, going by Yazoo City to pick up 20 boys from there. They will receive \$125 per hour, or piece work designed to insure a minimum of that amount.

## Airman Sears Attends School At Keeler AFB

Alman Sears, a graduate of Lake Shore High School, Belle Glade, Fla., attended Allen University, Columbia, S. C.

## Training For Medical Specialist At Gunter

Airman Jenkins has been selected for technical training as a medical specialist at the Air Training Command (ATC) school at Gunter AFB, Ala. His new unit is part of the vast ATC system which trains airmen and officers in the diverse skills required by the nation's aerospace force.

## Glades Market Prices Down Just A Little

Prices are down a little on all classes of cattle in the report of Pete Clements, Mar. Glades Livestock Market. Slaughter showed 25 cents lower on heifers, slaughter cows down about 50 cents to a \$1.00 and slaughter calves about \$100 lower. Stocker cattle were off a little too. Stocker heifers and cows were 25 cents lower and stocker calves were off about 50 cents. Cattle were off all around the state the last of last week so it seems it is just the summer slump that has been over due.

## Pockets Of Poverty Bring Ready "Cash"

A \$243,410 program to aid migrant farm workers and their families in 14 Florida counties moved into high gear recently as the program director arrived in St. Petersburg from Washington to assume his new post. Dr. Thomas P. Hardeman, vice president and deputy director of Community Service Foundation of Largo, which is supervising the federally financed program, welcomed the arrival of program director Allen E. Guskin.

## Letters To Editor

Mrs. Mathewson  
Belle Glade Herald  
Dear Mrs. Mathewson  
Enclosed you will find two articles which I have written for you to put in the Belle Glade Herald. Since we are moving from Belle Glade, I would like for you to put both articles in the paper.  
I appreciate the fine cooperation that you and the staff of the Belle Glade Herald have given the DCT program and to me on news coverage and help in general.  
I will drop by to see you when we visit in Belle Glade.  
Sincerely,  
Wayne K. Fortenberry  
P. S.: I have enjoyed reading the Belle Glade Herald this summer while I am attending summer school.  
Editor & Staff of the Belle Glade Herald  
425 South Main Street  
Belle Glade, Florida  
A Chairman of the Canal Hazard Committee I wish to express to the staff of the Belle Glade Herald my sincere appreciation for the excellent coverage of the Guard Rail ceremony July 17th and appearing in the Belle Glade Herald July 22nd.  
We who have worked on this safety program feel that July 17th was a RED LETTER DAY for the people of western Palm Beach County. Your complete coverage of this program, illustrated by pictures in your July 22nd edition, gave your readers an opportunity to know only to know of the safety measures afforded by the guard rails but also gave your readers who are not privileged to attend these functions the full story of the proposed \$300 million bond issue and what it means to our area.  
The announcement by Mr. Nuccio of the fact that further coverage in their coverage of the Canal Hazard program was most gratifying to those of us who have concerned ourselves with this hazard.  
The entire news media in south Florida has been most generous in their coverage of the Canal Hazard program since our first meeting over a year ago. The Belle Glade Herald, in particular, is to be commended for your assistance in presenting the facts to the public.  
Respectfully,  
Henry O. Eastwood, Chairman  
Canal Hazard-Safety Committee

## Personal Notes Belle Glade

Recent guests of Mr. and Mrs. L. D. Hewitt from Jacksonville were her niece and husband, Mr. and Mrs. Joe Spears and baby, Stacy. During the weekend the group including Tommy Pippins, who had been visiting the Howitts, took a trip to West in the Hewitts' camper. The visitors left Tuesday A. M. to return home by way of Panama City and take Tommy home and visit Mrs. Spears parents.  
Mr. and Mrs. Harold Stewart and daughter, Tina, spent the weekend in Ft. Myers Beach. The older daughter, Linda, is spending the week in Naples with Miss Judy Stuart.  
Semi-annual interest checks, in guaranteed amounts, of the good returns you get from investments in "Series" U. S. Savings Bonds.  
It's that time of the year when a fellow must-use his power to put down the spring seed catalog and pick up the 1040.

## S/Sgt. Bill Price Stationed In Turkey

Mr. W. R. Price has received word that her husband S/Sgt. William R. Price had arrived stationed in Izmir, Turkey. S/Sgt. Price left Belle Glade July 17, from Miami by plane for Detroit, leaving there the following Monday, and enroute in London, Frankfurt, Belgrade and Istanbul, arriving in Izmir last week where he will be stationed on an indefinite special assignment in communications with the U. S. Armed Forces.

## Two Deaths In Week For J. Mathewsons

Mr. and Mrs. Jack Mathewson received word last Thursday of the death of their brother-in-law, Colonel Franklin C. Wolfe, who died at his home, 398 St. Cloud Road, Los Angeles, California.  
A retired Army Officer, Colonel Wolfe had operated on military plane parts manufacturing business prior to being stricken with a heart attack in 1953. He had been in failing health since that time.  
Burial was in Arlington National Cemetery on Monday.  
Mrs. Wolfe is Mr. Mathewson's sister.

## Fortenberry Will Start DCT Program This Fall At Jupiter High School

Wayne K. Fortenberry, DCT Program coordinator and director at Belle Glade High School for the past six years, will be starting a new DCT program at Jupiter High School this fall.

In a letter to The Herald Wednesday, Mr. Fortenberry said: "I wish to thank the many employers and businesses for making the DCT program a success at Belle Glade High School and for your efforts in training the many fine young girls and boys into worthy citizens of the future."

Also I would like to commend all the students who have taken part in the DCT program. It has been a pleasure for me to work with each one of you.

I shall always remember the fine groups of people I have been associated with in Belle Glade and the surrounding area. We invite you to drop by the Ross Road, North Palm Beach, visit with us at 2591 Donald Florida.

## 290 Farmers Of 9 SE Fla. Counties Borrow \$17.5 Million From FPCA

"Production Credit Associations in Florida, Georgia, North Carolina and South Carolina provide approximately \$9,000,000 of the short and intermediate-term farm credit held by institutional lenders in the four states," according to Harry B. Matthews, President of the Farmers Production Credit Association.

Mr. Matthews, who has just returned from Asheville, N. C., where he attended the annual conference of production credit association directors and general managers, said: "Reports at the conference indicated the latest figures on PCA credit in South Carolina provide 57.1 percent (Florida - 55 percent; North Carolina - 46.1 percent; and Georgia - 43.3 percent) of the non-real estate agricultural credit held by institutional lenders."

"The total loan volume of the PCAs in the four states increased from \$185 million in 1959 to more than \$283 million in 1964. Today the 77 PCAs in the four states are serving nearly 47,000 farmer-members with more than \$305 million," Mr. Matthews said.

### Lions Told By Genung

Entomologist W. Genung of the Experiment Station told Lions Wednesday that the Caribbean Fruit Fly has migrated into Palm Beach and Broward Counties in much less concentration than in Dade County.

As the fly's favorite diet is peaches and citrus fruit, and because of the very light infestation, the fly is not presently considered a too great potential danger in this county, according to the speaker.

The speaker told of dusting at the rate of two ounces per acre of a powerful deterrent to the happiness and future of the invader.

## Roberts Sums Up Legislative Session At Belle Glade Rotary Club Meeting

"The Florida State Legislature will never be the same," said Rep. Emmett Roberts at the regular meeting of Belle Glade Rotary Club last Friday. Speaking to the club on the activities and results accomplished by the 1965 session of the Legislature, Roberts pointed out that with reappointment to the present structure of the Legislature will move to the larger counties and that it will result in increased attention given our urban areas.

This session of the Legislature resulted in the second highest number of bills being introduced, some 4,165 in number. Of this total, 2,073 were general bills, while 2,107 were local bills. The balance were joint resolutions, Memorials and concurrent resolutions.

Of the total general bills introduced 536 were passed and have become law, and 1,832 of the local bills introduced are now law. Overall some 2,558 of all legislation introduced passed. The length of the regular session is sixty days every other year.

Roberts predicted that by 1969 the Florida Legislature would be holding annual sessions. A bill to this effect was introduced this session but failed to get committee approval. A sixty day session every other year no longer allows proper consideration of legislation.

This November, the people will have the opportunity of voting on several constitutional amendments which

## Wheel Day Draws Unusual Entries To Municipal Park

"Wheel Day" last Friday at the City Park featured bicycles, tricycles and scooters decorated in a wide range of colors and themes.

First place for the Prettiest entry went to Roberto Aleman, who covered his bicycle in red, white, and blue. Mike McCormack was second.

Greg Younscock won first place for the Most Unusual design by disguising his bike to look like a horse. Second place went to Junior Velez.

"The Oddest entry in the contest was Debbie Vaughn's scooter, which was decorated for newsworthy, complete with old shoes and tin cans. Carl Dean came in second in this category.

Bright, bright orange cropie paper won Frankie Sheridan the first place ribbon for the Most colorful entry. The second place winner was Chester Rice.

Tomorrow's special event will be another watermelon Eating Contest. A similar contest a few weeks ago brought over 100 entrants.

Mrs. Jerri Robinson was welcomed back to her post as Supervisor this week after a two week absence.

were placed on an emergency ballot. These amendments include the proposed 300 million dollar road and bond program which provides for the four-laning of State Road 80 and Highway 7 to Margate.

Although bond programs are costly, this committee will save lives, Roberts emphasized. These roads would not be constructed for many years as present gasoline revenues do not produce sufficient funds. Should this road program pass, work

would begin over the next three years.

We also have a strong interest in the passage of the amendment creating a fourth District Court of Appeals which will include Palm Beach County.

We hope the site of this Court will be in West Palm Beach, Roberts reminded.

Many bills of major importance were considered and passed at this session. The taxpayers will be happy to know that no new taxes were enacted. "However, 1967 will be another story," Roberts said.

## Local Dealer Attends Oliver

### New Product Field Demonstrations

Earl Byrd, vice-president and manager of Henry Tractor Co., Inc., local Oliver equipment dealership, Belle Glade, attended Oliver Corporation's 1965 Growing 'O' Campaign field demonstrations at the P. W. Scott Farm near McAbie, North Carolina, Friday, July 23.

A wide range of new products for the coming fall, winter and spring seasons was introduced and many of the new products were demonstrated under actual field operating conditions, in comparison with other make's machines in the same size classes.

Dealers from throughout several states in this area were present. Oliver's S. W. White, Jr., and his top management team from the company headquarters of the farm and industrial equipment subsidiary of White Motor Corporation unveiled the new products. They will be ready for distribution to dealers and customers later this year.

The all-day field event was one of eleven such demonstrations being presented at principal agricultural and industrial centers across the country during July, August, and September.

Following a ten-session welcome by president White and an introduction of Henry A. Parker, Oliver's new director of product development, executive vice president J. D. Wormley directed a parade of the new products, which featured two brand-new tractors with Certi-fied Horse power; two big new self-propelled combines for all

grains, rice, soybeans, and 2-and 4-row corn heads; revolutionary new hydraulically cushioned plows which resist automatically when tripped by rocks or other obstructions; roll-over and chisel plows; a new economy model hay baler and a new power-conditioner; roller-compaction; a new line of factory-molded tractor cabs; a brand-new motor truck for farm use and other applications; construction and industrial machines; and other new equipment features and attachments.

"We find that by demonstrating our new products in action to our dealers before official release to the market, our dealers are able to bring directly to their customers first-hand knowledge of the latest developments and technological improvements in machinery and equipment," Oliver President White said. "Our 1965 Growing 'O' presentation includes some of the most exciting new products shown in recent years."

### New Hours Set

(Continued From Page 1) Tuesday and Thursday nights from 7 to 10, instead of Monday, Wednesday and Thursday nights with regular hours during the days, 9 to 12 and 1 to 5 p. m.

The new schedule goes into effect next week.

The real reason we're sending two spokesmen up is to confirm the previous automobile reports of seeing a parking space.

## Osceola Youngsters On Week Campout

BEN HYLTON and his group of workers at the Osceola Labor Center have carried some 35 youngsters who are residents of the Center to a week's camping and outing at Thiel, a church Camp, near Orlando.

Mr. Hylton says that this effort is a continuation of the annual trip instigated by Julian Grogan, his predecessor with the work of The Brethren at the Center.

The children are encouraged to produce half the fare for the trip by their own efforts in baby sitting, yard work, or any other normal summertime work. A number of the participants were given the trip as a reward for having attended regularly a church summer-school program, and not necessarily the school operated in the Center group.

To see the anticipation very evident in the faces and attitudes of this group is to know the reward in satisfaction of accomplishment to result to those responsible:

Those attending were: Gale Atkinson, Sue Atkinson, Janice Boothe, Marsha Boothe, Judy Bowman, Brenda Holcomb, Evelyn Holcomb, Gail Harper, Grover Harper, Gladice Justice, Jackie Justice, Lucille Justice, Jeannett Pearson, Kenneth Pearson, Douglas King, Elizabeth King, John Rogers, Ronnie Rogers, Diane Stewart, Mona Miller, Brenda Blair, Cathy Croft, Willie Dawson, Jimmy Lance, Walter McDaniel, Diane Mullis, Leland Neims, Heli Outz, Roy Lee Rogers, Sherrice Rogers, Diane Schneider, Franklin Watson, Patricia Walter, Vickie Watson, Robert Williams.

ing day registrations and allow for more individual attention. No more than a half hour should be required for each student. These conferences will also enable the school to acquire students' records from their previous schools to insure proper course and grade placement.

Mr. Morris states that Therrell Luke, guidance counselor, is presently on duty at the school during the hours 8:30 a. m. to 12:00 and 1:00 p. m. to 4:00, Monday through Friday to work with these new students, as well as to help those students who are not new, as he can.

grams in the Glades and worked toward setting up the Area Council in West Palm Beach. This includes Palm Beach, Glades and Hendry Counties when organized in 1966, and has since taken in Okeechobee, Martin & St. Lucie Counties.

He was First vice-president of the Girl Scout Council in 1956-57; served on the Board of Directors in 1958-59-60. As Council Finance committee member and Public Relations Committee worker he has helped immensely in setting up Fair exhibits and publicizing Scouting activities.

Scouting is now supervised in our area by the Palm Glades Girl Scout Council and the Gulf Stream Council Boy Scouts of America. Prior to their organization, Scouting in this regional area was hampered by the necessity to go directly through New York City headquarters on any organizational

problems. Mr. Allen's wife, Evelyn, also is an active Scout worker and has served on the Council Board of Directors and as Neighborhood Chairman for the Girl Scouting. She is also a Den Mother.

Mr. W. C. Allen left on Saturday to visit with his daughter and family Mr. and Mrs. Floyd Abstein in Stuart and then will leave for a month's vacation visiting with relatives in Hawkinsville, Georgia, and will fly to California where he will visit with his two sons, James and William Allen in San Diego.

Mr. and Mrs. Jack Warren spent Friday evening in Pahokee with Mr. and Mrs. Curtis Minor and returned on Saturday.

Mr. and Mrs. Jessie Sides and children have moved from S. W. Fifth Avenue in South Bay to their new home in Belle Glade.

Mr. and Mrs. Jimmy Cason have returned to their home at-

ter spending nearly three weeks touring the Southern states.

Mr. and Mrs. Jim Carnes of Sebring and Mrs. Nina Phillips of Weirsdale spent a few days in this past week with Mr. and Mrs. Martin and family.

Mrs. Maude Richardson of Stuart, mother of Mrs. R. A. Hall spent several days recently visiting the R. A. Halls of Oklawaha.

Mrs. Judy Sullivan remains a patient in St. Mary's Hospital in West Palm Beach where she has undergone surgery.

Mr. and Mrs. Charles Fogg of Sarasota was visited by Mr. and Mrs. William Mason on Wednesday and Thursday of this past week.

Sergeant and Mrs. A. J. Liv-

ing and children Carol Joy, Lin-

and Amy of Washington, D. C., are spending about six weeks with Mr. and Mrs. Albert L. Snyder of Palm Beach Road in South Bay. Sgt. Lively of the United States Air Force is in special training in Orlando and the wife and children are spending the time with Mrs. Lively's parents, the Albert Snyders, in South Bay.

Mr. and Mrs. Howard Woodham of South Bay and Mr. and Mrs. Kenneth Moring of Pahokee enjoyed a fishing trip on Sunday at Boynton Beach.

Mrs. Mary Waters and Mrs. W. M. Jeffries journeyed to West Palm Beach on Saturday and visited with Mrs. Judy Sullivan in St. Mary's Hospital.

Mr. and Mrs. Rufus Clanton and son, Bobby spent Sunday afternoon in West Palm Beach on business and pleasure.

### Smathers Boosts Medicare's Effect

The new approach to Medicare is under and does not jeopardize the free practice of medicine or the doctor-patient relationship. In fact, I believe it will be an effective barrier to socialized medicine.

In Florida, alone, more than 700,000 persons will be eligible for coverage when the program goes into effect July 1, 1966. Some \$30 million in hospital benefits will be paid to Floridians in the first year of operation. In addition, because the bill also increases the regular monthly Social Security benefits by seven percent, this will mean \$91.25 on an additional payment to Florida residents in 1966.

Nevertheless, the new bill — with its three-part approach to Medicare — is a better concept because it includes a basic hospitalization plan under Social Security, a voluntary supplementary insurance program and an improved Kerr-Mills medical assistance plan. In the past, I opposed the various limited hospitalization on oils because they were inadequate, would have disappointed the intended beneficiaries and led to still more protracted legislative battles.

## Cub Scouts Go Fishing

Cub Scout Pack 622 went deep sea fishing for their July pack activity. Twenty-nine Cub Scouts, fathers and brothers left Jameson Hall at 5:30 p. m. July 22. They traveled by car to Lantana and boarded the drift boat Candie Kidd II. The entire group was anxious to get a hook and line in the beautiful Gulf Stream. After going through the choppy Boynton Inlet everything seemed fine except the weather. They were threatened by rain but managed to skirt it and start fishing. By this time it was awfully calm, and as anyone knows who drift fishes, you need a little wind.

They fished and fished. Finally Dr. Joe Orsenigo caught a kingfish, which he impresses his son Mark at all. Then about an hour later Fritz Stein, Jr., caught a mutton snapper and Jim Herring got another mutton some time later. About 10:30 Mitch Crawford caught a kingfish which was small in weight but large in fight. He was the only Cub Scout to catch a fish.

They returned to the dock about 11:00 p. m. tired, sleepy, and somewhat disappointed with their fishing results. However, everyone had a good time and no one got sick. It was just too calm for that to happen.

Those going on the fishing trip were: Reggie Caruthers and father, Mark Orsenigo and father, Wayne Bussey and father, Paul McGee and father and brother, Benny Joe Parsons and father, Mitch Crawford and father and brother, Brian Cross and father, Danny Baughman and father and brother, Jimmy Herring and father, Sonny Stein and father, James Conway with Charlie Hickman, and James Stevenson with Cubmaster Frank Thomas.

Captain Benny Osgood, Jr., said it was the best group of boys he had ever taken out. The Cubmaster was real pleased with the way everything went

except the fish — they just didn't cooperate at all.

### CARD OF THANKS

We were deeply touched by all the wonderful people who sent flowers, cards, and telegrams during the illness and death of our beloved husband and father.

It was most gratifying to know the many friends he had in the little town he had seen grow, and loved so much. To each and everyone of you, the family of W. J. Rawls, Sr., wishes to thank you for your kind expressions of sympathy.

The family of W. J. Rawls, Sr.

### Local Girls Attend Will It Be A Two-Legged Cow?

#### 4-H Shortcourse

Twelve girls were selected to represent the various 4-H Clubs throughout the County at the Annual Palm Beach County 4-H Girls Shortcourse held at the Monterey Hotel in West Palm Beach. Those attending from this area were Terry Priest, Renee Vaughn, Terry Echols and Joetta Burnette. Mrs. Marylou Shirar, Asst. Extension Home Economics Agent, announces that the theme was "When You Grow Up, What Do You Want To Be?"

The girls were guests of the Florida Public Utilities, attended the Florida Power and Light cooking school and visited Sears.

One of the guest speakers was

A lot of people, including me, have always believed the camel is the beast that probably can go longest without a drink of water.

It appears we've all been wrong. A report from South Africa in the Livestock Market Digest indicates the ostrich has the camel beat. He doesn't need any water at all. So, his non-drinking habits are going to be the subject of scientific study.

At Pretoria University a group of South African research workers are seeking ways to develop a drought-resistant cow. They've acquired four ostriches for laboratory study because they were informed by a visiting lecturer that the ostrich is "a unique bird relying only on green food for its water needs. They are known to survive desert conditions under high temperatures without water."

Thousands of cattle die of thirst every year in southern Africa. The researchers hope to learn the physiological secrets of the ostrich so they can somehow incorporate them into a new breed of cow that can get along without water. Skeptical farmers are joking about the outcome. They visualize cows that will hurry to bury their heads in the sand when startled.

### Floridians Smoke - Drink Moon Shine

Mr. Ren Morris, Director of State Beverage Department, reported the seizure and destruction of 14 moonshine stills, 7,013 gallons of fermented mash, 1,041 gallons of moonshine whiskey during the month of June.

A total of 18 vehicles were seized and 155 persons were arrested for beverage law violations. Of the total 155 persons arrested, 20 were minors.

A total of 346 applications for alcoholic beverage licenses were processed during the month of June.

Mr. Ren Morris credited various sheriffs, police departments and federal agents in participating in the state's law enforcement activities.

Accounting for the total \$9,456,854.70 collected, cigarette taxes amounted to \$4,144,404.16; liquor, \$1,000,032.43; beer, \$2,047,712.70; and wine, \$594,237.53.

### Mrs. Ida H. York Buried Saturday

Last rites for Mrs. Ida Haeley York, 89, of 881 S. E. 17th St., Belle Glade, who passed away last Wednesday at Palmhurst Nursing Home in West Palm Beach were conducted at the First Independent Missionary Baptist Church, of Chosen at 10 a. m. Saturday. The Rev. Horace Bergman of Pahokee officiated.

Palbearers were Joe Guerry, C. H. Holton, Bruce Smith, Roland Ford, Whitman Thomas and J. D. Brooks. Burial was in Port Mayaca Cemetery.

A native of Hiawasee, Ga., Mrs. York came to Belle Glade in 1920. She was a member of the New Smyrna Baptist Church in Hiawasee.

Survivors include five sons, Ralph G. of West Palm Beach, Earl and Charlie both of Belle Glade, Fred of Franklin, N. C., and Glenn of LaFayette, N. ### Florida Atlantic Herding Sea-Cows For Man's Benefit

Three manatees, sometimes called sea cows, have taken up employment with the state as weed-killers.

The manatees were netted by the Miami Seaquarium under a commission from the Central & South Florida Flood Control District and will be used in an effort to rid drainage canals of water weeds and hyacinths.

The manatees are 1,000-pound, vegetarian mammals that live in South Florida waters. They are gentle, bovine and sluggish about everything but their voracious eating of water weeds.

In May, 1964, the Seaquarium netted five manatees for the Central and South Florida Flood Control District, and they have been working in drainage canals west of Boca Raton.

They have proved highly efficient at exterminating water weeds and water hyacinths. Not only do they eat the leaves, they eat the roots of the plants

## Why Not Declare War On Violence and Crime?

By Lewis Llewellyn

Violence is increasing in our land, day by day, while our national attention is elsewhere.

FBI Director J. Edgar Hoover warns periodically that violent crimes have continued to increase at an alarming rate for many years. Yet the nation seems to disregard his urgent warnings.

### AMBASSADOR ROBBED

Not long ago, the ambassador of Kuwait and his wife were bound and robbed in their home in Washington, D. C.

A 19-year-old girl, selling cookbooks from door to door in a California city to make money for her college education, was invited into a home where she called. Once inside, she was brutally assaulted by five young roughnecks.

In Oklahoma City, a 15-year-old girl who was walking home from a drive-in restaurant was seized and dragged into a car by seven teenage boys. They took her to a field outside the city and forced her to submit to them.

The father of one of the boys, a politically prominent lawyer, is reported to have tried to hush the matter up, calling it a "boyish prank."

An official disclosed that there had been at least a dozen such cases in that city. In many cases, the parents of the girls who were attacked refused to prosecute because of the additional suffering which would have been caused to the girls in having to testify in court to the humiliating and heart-sickening experiences.

Are we to have a Great Society in which no teenage girl is safe on the streets of our cities? A society in which a college girl will not dare to sell cookbooks from door to door, in broad daylight?

### WAR ON CRIME

While we are engaged in an inescapable war on worldwide Communism and an internal war on poverty, isn't it time to undertake the most urgent war of all — a war on crime?

The most elementary obligation of a government is to protect its people against criminals.

Other great nations have failed in this area, in the past. Ezekiel warned and the people of his nation, speaking as God told him to speak, "The city is full of violence . . . Destruction cometh . . . According to their deeds will I judge them, and they shall know that I am the Lord." This prophecy was fulfilled as the nation was destroyed and ceased to exist.

Sin may become popular, and crime may not seem as objectionable as it once did, but the Bible still says, "Righteousness exalteth a nation, but sin a reproach to any people."

### HANDS OFF

Judging by the increasing rate of juvenile delinquency, too many parents are leaving to the schools or the police departments the job of training their children in concepts of right and wrong. Thus parents are delinquent before their children are.

It is now being proposed that courses in ethics or rules of behavior be added to the curriculum of American high schools. That would be a good thing.

But before that, every child at home and in grade schools and high schools should be impressed over and over with one simple rule, namely, "Keep your hands off other people and other people's property."

If this simple rule were followed through life, the record of crime we see in the papers each day would be practically nonexistent.

Next to the parent, the schools should drill this rule into the head of every student, not just occasionally, but every day when classes open. Examples taken from the daily news could be used to show how following that simple rule would save inestimable suffering and grief for juveniles and families.

## Letters to the Editor

Mr. Luther Jones  
 Editor, Belle Glade Herald  
 Belle Glade, Fla.

I wish to express my personal thanks, as well as that of all area National Guardsmen for the outstanding report you published July 15 on the Belle Glade unit's Annual Field Training.

This was not only an outstanding piece of journalism, but was as well a most outstanding contribution to the Guard and our military readiness. If all our nation's editors and publishers would show this kind of support for their local units, National military preparedness would be far greater.

In these troubled times, your kind of leadership and citizenship is wonderfully heartwarming. Please accept our most sincere appreciation.

Sincerely,

## Uncle Dan Says:

Dear Mister Editor:

On account of me being one of them few Americans left that got a front porch to set on, I been setting on it a lot lately and doing some light thinking. Incidental, my old lady is hankering to have our place remodeled and do away with the front porch and get in line with progress. I don't know if she's more interested in progress or fixing it so's I can't set so much. Anyhow, we'd probably have to get a remodel permit from the Governor or somebody to do the job. We've come along so far with this progress business that a fellow whose great-grandfather built a

railroad through the wilderness without saying nothing to nobody now has to get a permit to add a clothes closet to his house. But getting back to the subject, I been setting and rocking and thinking about a heap of things these warm nights. Per instant, I was feeling mighty sorry for Vice President Humphrey lately. It looks like Lyndon aims to work the poor fellow to death. I was reading last week where he made 11 speeches in 54 days.

In the old days a Vice President was to be saw but not heard. Except during the campaign that is. The party would nominate some big name—most of the time from the East—fer President and pick a candidate from the Mid-West fer Vice President and let him do all the campaigning. Then after the inauguration he was supposed to get lost.

Fer that reason, it was

mighty hard in the old days to find a feller that would agree to be Vice President. As soon as the convention would nominate the candidate fer President, the delegates would scatter like a tornado had hit the hall. They was afeared somebody would call out their name fer Vice President. My Pa told me once that when Jim Sherman was nominated fer Vice President with Taft in 1909 they had to notify him by mail on account of he had been hiding out ever since the Republican convention. And I recollect when I was a boy somebody strung up the name of Uncle Joe Cannon fer Vice President on the floor of the convention. Uncle Joe that had been in the Congress fer 43 years, give 'em a cussing that peeled all the paint off the speaker's rostrum.

But Vice Presidents has been coming up in the world and I reckon Mr. Humphrey has about reached the top. Fer instant, I saw in the papers last week

where he was posing in a picture with a prize Jersey cow. One day and with one of them Hollywood vampires the next day. About the only difference I saw between the cud-chewing cow and the gum-chewing vampire was the intelligent look on

the cow's face. But Vice President Humphrey was looking mighty sharp in both pictures. I think, Mister Editor, it will go down in history that it was in the Great Society when Vice Presidents come into their own. Uncle Dan,

## Community Action Council Granted Use Of School Bus

The Community Action Council, upon the recommendation of County School Superintendent, Robert W. Fulton, voted unanimously to allow the Community Action Council the use of a school bus to transport members of this group to and from the county to observe the Head Start Program.

Superintendent Fulton stated that he felt that this, in a small way, rewards these people in their public and human relations and gives them an opportunity to see the work being accomplished with this program. Mr. Ralph Powell stated he had checked with Washington, D. C. and had found it proper to use the school buses for the Head Start Program for transporting children, and the members of this council are leading citizens who were instrumental in developing the program and the least that could be done would be to let them see the fruits of their efforts.

### Florida Atlantic Herding Sea-Cows For Man's Benefit

Three manatees, sometimes called sea cows, have taken up employment with the state as weed-killers.

The manatees were netted by the Miami Seaquarium under a commission from the Central and South Florida Flood Control District and will be used in an effort to rid drainage canals of water weeds and hyacinths.

Manatees are 1,000-pound, vegetarian mammals that live in South Florida waters. They are gentle, bovine and sluggish about everything but their voracious eating of water weeds.

In May, 1964, the Seaquarium netted five manatees for the Central and South Florida Flood Control District, and they have been working in drainage canals west of Boca Raton.

They have proved highly efficient at exterminating water weeds and water hyacinths. Not only do they eat the leaves, they eat the roots of the plants.

## Burns Family Home From Vacation In Nation's Capitol

Mr. Richard H. Burns, his wife Jean and their three sons Danny, Jack and Richard Jr., have returned from a most interesting vacation via Washington, D. C. and Boston, Massachusetts.

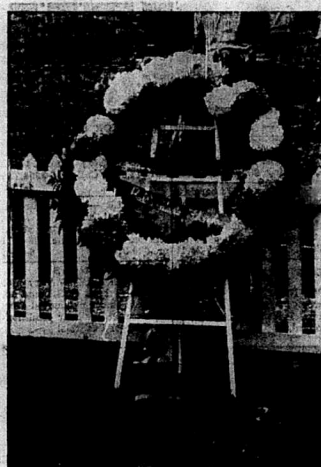

Before leaving Belle Glade, arrangements were made for a visit to the grave of the late President John F. Kennedy by Burns' brother, Robert John Burns, an official of the office of Economic Opportunity, who has his office in the D. C. area. A wreath was placed on the late President's grave by the two brothers in the name of Everglades Post 20 American Legion, with a most impressive ceremony.

While in the Washington area the local family were guests of Robert Burns and stayed at the Madison Hotel in the N. W. section. Danny and Jack were taken on a cooks tour of this his-

torical city by their uncle. It was the first time Richard Burns had seen his older brother in seven years.

Before being appointed to the Washington area Robert Burns was a representative of the government in Viet Nam for 3 years and prior to that he was three years in Laos.

After a very enjoyable stay in Washington, Robert traveled by jet with his brother and family to his mother's home in Boston, Massachusetts. The mother, Mrs. Teresa Burns, has been ill this past year. Boston became a joint reunion for all three brothers, having the oldest brother David J. meeting them there. It was the first time in 10 years all three boys were together. The sister, Mrs. Edward H. Brisbois, was unable to attend due to illness in her family.
